PLEASE CONTACT LISA OR GINNY FOR ACCOUNTING OR HR CANDIDATES

ACCOUNTING

Senior Business Analyst: Hands-on, hard-working and super bright! This CPA has experience in quantitative/statistical analysis, budgeting, accounting, forecasting, reporting, and auditing. Has been successful in negotiating improved credit terms and implementing monthly management reporting including KPI's, management dashboard, budgetary review, job costing analysis, and operational metrics. Has also held roles as Controller and Financial Manager.

Chief Financial Officer: Full charge manufacturing accounting professional with experience in financial statement preparation, managing accounting staff, payroll and tax administration, benefits administration, forecasting, budgeting, and costing. Has manufacturing ERP systems implementation experience. Willingness to relocate and travel as needed. Skills include cost accounting using full absorption costing methodologies for cost systems with multiple routings and multiple SKU's. Accounting software includes MAPICS, Sage ACCPAC and INFORVisual. Also experienced in international reporting using COGNOS Controller.

Office/Payroll Manager: Dependable and detailed! This office manager has expertise with multi-state payroll for over 700 employees and human resources support for insurance and 401K administration. Strong A/P, A/R. Managed commercial insurances and company auto fleet. Proficient in various software including Microsoft Office, UniPro, QuickBooks, ADP, and Lawson.

Accounting Assistant: This outstanding candidate is recognized as extremely proficient in researching, resolving, balancing and reconciling financial reports including general ledger. Perceived as a positive contributor within the workforce, good communication and people skills, self-motivated, and flexible.

Staff Accountant: This super bright accounting professional has been responsible for monthly bookkeeping, general ledger entries, and preparation of financial statements. Processed weekly and bi-weekly payrolls, monthly payroll taxes, sales and use tax, city taxes, quarterly payroll tax returns, year end W-2's, and 1099's. Has worked in a CPA firm as well as with other industries. Great computer skills including QuickBooks, Drake Tax Software, SBT Vision Point, MAS 90, Microsoft Office, Adobe PhotoShop, PageMaker, and Dream Weaver. Accounting degree from Furman University.

Accounts Receivable Rep: Professional candidate with over 9 years of experience in accounting, logistics, business operations, collections, and customer service. Managed collections process for accounts with monthly revenues of over \$27M. Other duties included conducting daily invoicing utilizing EDI and preparing monthly reports including aging statements and accrual data. Certified in Microsoft Word and Excel applications.

Controller: Great personality and experience working as controller for 2 manufacturing sites totaling 90 million, this CPA has a Master's Degree in accounting and has relocated to the Greenville/Spartanburg area. Perfect for a manufacturing company with multiple locations, this candidate has extensive experience with SAP, consolidations, financial reporting, forecasting, budgeting, projections, cost accounting, and inter-company accounting.

Office Manager/Payroll Expert: Dynamite candidate has experience executing weekly and monthly payrolls. Specific duties include supervising payroll managers in multiple states, 700+ employee payroll, Stromberg time clock program, managing a fleet of company vehicles, handling office insurance policies, AP/AR duties, and 401k. Ready to hit the ground running, this candidate works well in an Office Management or Human Resource administrator role.

HUMAN RESOURCES

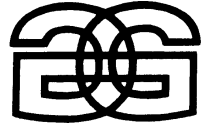

Human Resource Assistant: This degreed professional is a welcome addition to any human resource team. With sound communication and analytical skills this person is proficient in employee orientation, e-verification, and benefit enrollment. Able to conduct exit interviews, implement employee recognition programs, and write offer letters. Computer knowledge includes Microsoft Office, QuickBooks, and MS Publisher.
